## CARRANZA SILENT ON U. S. INVASION

Asks Privilege of United States to  
Cross Border to Pursue Lawless  
Mexican Bands.

NO DEFINITE STATEMENT

Willing U. S. Troopers Should Cross  
if Massacre Like One at Colum-  
bus is Repeated.

PURPOSE OF THE AMERICANS

General Pershing Sets Forth Rea-  
sons Why De Facto Government  
Should Aid Invasion.

### BULLETIN.

(By United Press.)  
Washington, March 11.—  
Chairman Hays, after a confer-  
ence with Secretary of War  
Baker, this afternoon said he  
believes our troops are well  
across the Mexican border, but  
the army chiefs will not confirm.

Washington, March 11.—General  
Carranza today replied to the United  
States government's announcement  
that American soldiers will enter  
Mexico to pursue Villa Bandits with  
a request that Carranza soldiers be  
allowed the privilege of crossing in-  
to American territory in pursuit of  
lawless bands.

The note was received at the  
state department today through  
Consul Silliman. Secretary Lansing  
said this afternoon he had reached  
no decision regarding Carranza's re-  
quest.

Carranza's note suggested his will-  
ingness that American troops should  
cross into Mexico in case the raid at  
Columbus should "unfortunately be  
repeated at any point on the border."  
It did not definitely approve or dis-  
approve the expedition ordered to  
hunt down Villa.

A stand squarely approving all the  
administration has done along the  
Mexican border was taken today in  
unanimous action by the senate for-  
eign relations committee.

"A question of 72 hours," was the  
view the Mexican embassy took this  
afternoon of the Villa situation.  
"Villa's campaign will be largely a  
matter of running," it was said.  
"The conference last night between  
Carranza, General Bertani and Col-  
onel Slocum has resulted in plans  
that will stop the bandits."

## VILLA'S PLANS THWARTED

Mormon Band Doomed For Mas-  
sacre Saved by Carranzistas

(U. P. Staff Correspondent.)  
El Paso, Texas, March 11.—  
Villa's plan to massacre 500 Amer-  
ican Mormon colonists of Chihua-  
hua at Guzman, Mexico has been  
thwarted by the Carranzistas, the  
Carranza consul here informed the  
United Press today.

The train on which the Mormons  
were fleeing toward the border was  
stopped by Carranzistas who were  
warned of Villa's plans.

### Congratulations To—

Henry Schrader, county assessor,  
who is 63 years old today. Mr.  
Schrader is a successful farmer. He  
is starting his second year as coun-  
ty assessor and thus far has proved  
a very efficient officer.

## NATION WILL RISE AGAINST INVADERS

Captured Villista Asserts Mexicans  
Will Unite to Repel The Am-  
erican Soldiers

HE SAYS VILLA WILL RETIRE

(By United Press.)  
Columbus, N. M., March 11.—  
That almost the entire Mexican na-  
tion will rise up against the invad-  
ing American forces was the opinion  
expressed here today by Captain  
Isadore Farias, one of the wounded  
prisoners taken in the Villista raid,  
which cost eighteen American lives.  
"The American invasion will make  
Villa the national Mexican hero,"  
said Farias. "Villa and his men prob-  
ably will retire before the Amer-  
ican soldiers for a time. But when  
the interior is reached, the Villa  
forces will be strengthened by Mex-  
icans who resent the Mexican inva-  
sion."

train is not known to the Carranza  
consul but he stated that all trains  
on the Mexican and Northwestern  
railroad were stopped pending the  
result of Villa's movements.

Brigadier General Pershing, who  
will lead the American pursuit of  
Villa, made a statement to the  
United Press this afternoon appeal-  
ing to the Carranzistas to aid the  
United States troops.

"It is no time to indulge in idle  
theories about sovereignty and in-  
vasion," said Pershing. "It is a most  
friendly act of assistance. This  
should be truly recognized by all  
true friends of the de facto govern-  
ment on both sides of the border."

"It should be deeply impressed  
upon everybody that the only pur-  
pose of the American entry into  
Mexico is the pursuit and capture of  
Villa and his band of outlaws."

Carranzista troops apparently  
were preparing to aid the Amer-  
ican soldiers in the bandit  
hunt today. Presumably on the or-  
der of the de facto government,  
General Calles at Angus Prieta re-  
distributed his force, sending 1,200  
to Palomas, six miles south of Col-  
umbus, and bringing 1,000 from  
Hermosillo to Angus Prieta.

One hundred Carranzista troops  
are reported to have entered Chil-  
huahua in an attempt to locate Vil-  
la. Calles was in touch with the  
American army officials at Douglas  
and earnestly has requested the  
privilege of dealing out summary jus-  
tice to Villa spies believed to be  
watching the American forces.

## NEWMAN WANTS A PARDON

Rushville Boy Will go Before Board  
at March Session

Delbert Newman of this city is  
one of the many state prisoners who  
will seek a parole or pardon at the  
quarterly session of the state par-  
don board at the state house in In-  
dianapolis March 20, 21, 22 and 23.  
Newman is now an inmate of the  
penal farm. He was sentenced from  
the Rush circuit court May 13, 1915  
to six months at the farm and fined  
\$500, on the charge of encouraging  
delinquency.

—Mrs. Lillie Armstrong, who has  
been visiting here, will go to Indian-  
apolis tomorrow for a short visit.

## HE RESIGNS AS MANAGER DEATH COMES SUDDENLY

A. L. Stewart Still Holds Interest  
in Rushville Co.

A. L. Stewart has resigned as  
manager of the Rushville Furniture  
company, to take effect next Wed-  
nesday and Walter Pares of Bates-  
ville will succeed him. Mr. Stewart  
sent in his resignation February 3  
because the duties of the place are  
too confining. Mr. Stewart has been  
manager of the concern ever since  
it began business the first of the  
year 1912. The plant was erected  
during the summer of 1911. Mr.  
Stewart still retains his interest in  
the company.

## CHAIRMAN RIGGS RE-ELECTED TODAY

Chosen to Head Republican Com-  
mittee Again And Democrats  
Elect Vohrees Cavitt

SAMUEL L. TRABUE RETIRES

Fon Riggs was re-elected Repub-  
lican county chairman and Vohrees  
Cavitt was elected Democratic coun-  
ty chairman this afternoon at the  
meeting of precinct committeemen  
of the two parties. Neither of the  
two men was opposed and their  
election had been forecasted for  
some time.

Mr. Riggs has been county chair-  
man for two years and in that time  
has proved so satisfactory that the  
committeemen did not see fit to  
make a change. The Republican  
county chairmen will meet in Cam-  
bridge City next Tuesday to select  
a district chairman. So far the  
most likely candidate is Walter Bos-  
sert of Liberty. P. J. Lynch is the  
retiring district chairman. Charles  
Brooks was elected secretary and  
Albert Winship treasurer of the  
county committee.

Vohrees Cavitt, the new Demo-  
cratic chairman, is serving his sec-  
ond term as sheriff of Rush county.  
His name has been connected with  
the chairmanship for some time.  
Mr. Trabue could have had another  
term, it is said, but retired because  
of business relations. He has served  
as county chairman for the past  
four years. The Democrats have not  
set a time for electing a district  
chairman.

## REPORT ON FIRST TEN DAYS OF WORK

Township Assessors and Their As-  
sistants Meet With County  
Assessor Schrader.

SOME POINTS CLEARED UP

The township assessors, and their  
assistants met with County Assessor  
Schrader today and gave a report on  
the first ten days of the work of  
assessing. County Assessor Schra-  
der was well pleased with the work  
thus far. Some of the things that  
were not exactly clear to the assess-  
ors were gone over again and from  
now on the work will be speeded up  
until it is completed.

The county assessor will make a  
report to the state tax board of the  
first ten days of the work here. This  
report will be based on the returns  
as shown by the assessors today.  
All of the county assessors were  
asked to do this. If the reports are  
not satisfactory the state board will  
advise in time to avert other mistakes.

Mrs. Harvey Prather Expires With-  
in Half Hour After Stricken

Mrs. Rosa Prather, 61 years old,  
wife of Harvey Prather, died sud-  
denly from heart disease last night  
at 9:30 o'clock at her home in East  
Tenth street. Mrs. Prather died  
within half an hour after she was  
stricken. She had been subject to  
attacks of the heart for some time,  
but the sudden ending came as a  
shock to her friends and relatives.  
Besides her husband she is survived  
by a daughter, Mrs. Charles Wiley,  
and two sons. The funeral services  
have not been completed.

morning by Judge Sparks and ac-

the costs paid. The case of Bert  
L. Trabue and Joseph Clawson  
against James V. Young, executor  
of the estate of the late Allen  
Hinckman, in which \$42.96 was de-  
manded on a claim was dismissed  
and the costs paid.

By an agreement the court found  
for Jasper D. Case against William  
Emsweller on an account in the sum  
of \$52.10. The original demand was  
\$75. Under the agreement the plain-  
tiff pays the costs.

ment against Clyde Thomas for

## CARRIES FIGHT TO CONVENTION

James E. Watson Wires County  
Managers That he Will Seek  
Nomination by Delegates

LEADS OUT OF INDIANAPOLIS

First Count Made is Inaccurate Be-  
cause it is Based Mostly on  
Conjecture Only

As was presaged in dispatches to  
the Daily Republican Thursday,  
James E. Watson will carry the fight  
for the Republican senatorial nom-  
ination to the state convention floor.  
Mr. Watson late Friday afternoon  
wired his county managers all over  
the state that he was in the fight to  
finish and ask them to go into the  
short campaign that will precede the  
state convention.

Mr. Watson's headquarters in  
Indianapolis were flooded with  
messages from all parts of the state  
yesterday, urging him to go into the  
convention and promising him sup-  
port from the four corners of In-  
diana. Many of Watson's ardent  
supporters even went all the way to  
Indianapolis to let Watson know that  
they were for him through thick and  
thin for the senatorial nomination.

Anticipating the activity at Wat-  
son's headquarters yesterday and  
rumors that Mr. Watson would al-  
low his name to be presented to the  
state convention, The Indianapolis  
Star last night wired most of its  
county correspondents in the state  
and this morning presented the re-  
sult of their poll of the delegations.

The Star's count, which can not  
be called accurate by any means,  
shows New to have 686 delegates;  
Watson, 521; not accounted for 61.  
The poll was taken by correspond-  
ents on a moment's notice. In a  
majority of the counties the count  
of noses among the delegations are  
the merest conjecture.

Watson's headquarters claim to  
have a majority of the delegates  
outside of Marion county, which  
was carried by almost unbelievable  
pluralities in every precinct by New.

Although there is a disposition on  
the part of a number of county de-  
legations to vote for the candidate  
receiving a plurality of the votes in  
the state, other delegates to the  
state convention are disposed to  
stand for the candidate who re-  
ceived a plurality in the precinct  
from which they were nominated.  
At the last count Watson carried  
many more counties than New, but  
he suffered the misfortune of car-  
rying many of the smaller ones while  
New had a plurality in such counties  
as Marion, Allen, Vigo and Vander-  
burg.

Even though it is admitted that  
New has a majority of the dele-  
gates, the Watson managers hope to  
change the views of many of them.  
Watson's friends all over the state  
feel that he has been subjected to  
same unfair tactics in the primary  
campaign just closed and that he is  
entitled to make a convention fight.

Early indications are that deals  
made between the senatorial candi-  
dates' friends and supporters of  
state candidates will be a large fac-  
tor in the stand of many delega-  
tions. It was announced in many of  
the Star's dispatches that the dele-  
gations from counties with state  
candidates would be governed by the  
wishes of their candidates.

There is evidently something  
wrong with the Star's line-up of the  
state delegation. The Star's credits  
New with 686 delegates and Watson  
with 521, and 61 not accounted for  
on either side. That makes a total  
of 1268 delegates when there are  
only 1168 votes in the convention,  
with 585 necessary for choice.

## UNARMED VESSEL NEUTRAL, SUNK

Norwegian Ship Silius Torpedoed in  
Havre Road But Seven Amer-  
icans Aboard Are Saved

BRINGS ON SUDDEN CRISES

Most Serious Since War Began Be-  
cause She Was Not Belliger-  
ent And Was Not Armed

(By United Press.)  
Washington, March 11.—The  
German-American situation was  
brought to a sudden crisis today by  
official dispatches stating that the  
Norwegian vessel Silius, with seven  
Americans on board, was torpedoed  
without warning Thursday night  
supposedly by a German submarine.  
All the Americans were saved stated  
a dispatch from the American con-  
sul at Havre. Press dispatches  
stated that three of the crew were  
drowned.

The Silius was bound from New  
York to Havre and was sunk in the  
Havre road.

Immediately upon receipt of the  
official dispatch, it was stated unof-  
ficially that the nation which at-  
tacked the Silius will be held to ac-  
count for this government. Secre-  
tary Lansing will not act officially  
until he has complete details.

This is the first instance since  
the new German-Austrian armed  
merchantmen decree went into ef-  
fect that the lives of Americans  
have been imperilled.

That the Silius was unarmed was  
generally taken for granted, since  
she was a neutral ship of com-  
merce. This act itself, officials  
said, may make the case more se-  
rious than any that has confronted  
this government since the war be-  
gan. No government has even hint-  
ed that non-combatants either neu-  
tral or belligerent have not the right  
to travel on the high seas aboard.

## DISMISSED AND REFILED

Perkins Divorce No Sooner Off  
Than on Again

Shortly after the divorce suit of  
Elzie Perkins against Cynthia Per-  
kins was dismissed today, the case  
was refiled by Mr. Perkins. He al-  
leges cruel and inhuman treatment  
and claims that his wife would re-  
main away from home for long in-  
tervals without explaining her ab-  
sence to him. He alleges that she  
preferred the company of other  
men to his. They were married Oc-  
tober 26, 1915 according to the  
complaint. No reason was given  
for dismissing the case and then re-  
filing it.

## The Retailer Should Know

That when a manufacturer  
advertises his product in this  
newspaper, immediate inquiries  
will follow.  
If he does not have the goods  
he will lose trade.  
If he does have them in stock  
he should bring them out where  
people can see them.  
He should put them in his  
windows and on his shelves, so  
that he can take advantage of  
the demand.  
He should help himself and  
at the same time help the manu-  
facturer who is trying to sell  
goods for him.

**Let Uncle Help.**

Why do people hate to pay taxes?  
Usually because they do not feel  
that they get returns for their money.  
Usually, unfortunately, they  
are right about it. They don't.

There are many reasons why. The  
chief one is that they do not follow  
up their tax investments with personal  
interest as they would other  
investments. If there is graft and  
mismanagement in the administration  
of the town, county, state or  
country, that means that the tax-  
payers are careless enough to per-  
mit it.

And as a companion to this lack  
of interest in the spending of their  
money is the lack of interest in mak-  
ing use of the results of the spend-  
ing.

The taxpayers supports many ac-  
tive bureaus of research. These  
bureaus are constantly finding out  
useful things for the taxpayer to  
know, and putting them into the  
form of handy bulletins for his use.  
Uncle Sam keeps great numbers of  
people working, to get out these lit-  
tle books which will help his people.  
One can readily picture him going  
about from workshop to laboratory,  
from darkened slum to sunny field,  
encouraging his workers, watching  
their progress, much as Santa Claus  
keeps the gnomes busy about his  
toys. But with a difference. Santa's  
work is to give pleasure to children,  
and his peak load comes but once a  
year. Uncle's job is to supply help  
for grownups, and his activities  
range through all seasons.

Some of Uncle Sam's splendid lit-  
tle books are free. Some of them  
cost five cents apiece, or a little  
more. Less than the cost of the  
paper and printing is the usual  
price.

Uncle will, if asked, tell you how  
to select books for your children's

**Wm. B. Poe & Son****Rheumatism Can be  
Cured**

It is not necessary to go to a high  
priced watering place and drink  
nasty tasting water. You can  
cure yourselves right here at  
home with a remedy that has  
stood the test for more than 30  
years. It acts directly and  
speedily upon the kidneys, liver

who were cured right here in

reading, how to buy kitchen equip-  
ment, how to choose cuts of meat,  
as well as how to fertilize your  
fields, and how to grow flowers in  
your dooryard garden.

He will tell you about the fishes  
which swim the sea, he will send you  
wonderful detailed maps of regions  
near or far. (The whole country  
has not been done by the geodetic  
survey, but a good part of it is  
mapped, and the work is going on.)

The taxpayer foots the research  
bills. Uncle Sam is willing and ea-  
ger to give full value for his ex-  
pense money. If you are planning  
any new activity whatever this  
spring, of if you want to find a way  
to improve your old ones, write to  
Uncle Sam. The chances are that  
he will be able to help you.

A Washington dispatch to the  
New York "Evening Post" exults  
that the report on Mexico which has  
been sent to the Senate "is by no  
means as full of dynamite for this  
administration as the Republicans  
had hoped." The dynamite, let us  
say, exists. It may be kept in cold  
storage in the files of the State De-  
partment for a time. But it was  
bound to explode one of these days.

A great deal of excitement has  
been stirred up in New York and  
New England over a new intercol-  
legiate publication called "Chal-  
lenge," on the ground that it's dan-  
gerously radical. And the young  
men and women running it are tick-  
led to death. For once, the public  
has taken college students serious-  
ly.

Is the American eagle getting too  
proud to scream?—New York Sun.  
Whether it has been made to look  
more like a dove or a parrot would  
be an interesting subject of de-  
bate—Philadelphia Public-Ledger.  
The universal opinion seems to be  
that it has joined the ranks of the  
Dodo.

Chancellor Day of Syracuse Uni-  
versity suggests if our coast cities  
were successfully attacked it would  
be practicable for the whole popu-  
lation of the United States to take  
to the woods. "Where are those  
woods," Democrats are asking.

Mr. Bryan, while denouncing Wil-  
son for having gone "joy riding with  
the jingoes," insists that he has no  
personal differences with his former  
chief. We believe that sacred his-  
tory tells of one who approached his  
victim asking, "Art thou in health,  
my brother?"

President Wilson's decision to run  
again created just about as much  
interest and enthusiasm as Vice-  
President Marshall's similar an-  
nouncement.

A sure-method of breaking into  
the head-lines these days is for  
some multi-millionaire to give a din-  
ner and invite a politician or two.

**HUNDRED LEAD-

**SAMUEL HANNA (15) 1797-1866.**

Samuel Hanna, one of the most  
public spirited citizens in Northern  
Indiana, settled in Fort Wayne, in  
1819. He built a log cabin, estab-  
lished a trading post, and for the  
next half century was more thor-  
oughly identified with the interests of  
that city and did more to promote  
its growth than any other citizen.  
His name is associated with a half  
dozen or more gigantic undertak-  
ings, every one of which succeeded.  
For years, he was agent for the  
American Fur company. As advo-  
cate of the internal improvement  
idea, he formed the first practical  
conception of the Wabash and Erie  
canal. He himself went to New  
York, purchased the instruments  
with which the survey was made and  
carried them on horseback from  
Detroit to Fort Wayne. For three  
terms Mr. Hanna was a member of  
the House, and served once in the  
Senate. He practically drafted the  
bill organizing the State Bank of  
Indiana, and was president of the  
branch established at Fort Wayne.  
He actively promoted the building  
of railroads, and became president  
of the Pennsylvania and Ohio road,  
and was later elected president of  
the Fort Wayne and Chicago line.  
Hanna was a man of Christian  
character, and at the time of his  
death was an elder in the Presby-  
terian church.

**Where the  
United  
States  
Stands on**

**"PREPAREDNESS"**

A babel of opinions is heard throughout the land,  
to the bewilderment of citizens and legislators, on  
what is considered by many as "the most important  
question before the American people since the Civil  
War." You read of ardent advocates of national  
defense wanting

**An Army and Navy Big Enough  
"to Lick the World and  
Keep It Licked"**

Their stand is revolting to those of pacifist lean-  
ing who claim that after the European War we will  
be safe because that great conflict will keep hitherto  
powerful nations "bled-white" and unable to fight  
again for fifty or a hundred years.

In order to explore and map out this jungle of  
conflicting opinions, THE LITERARY DIGEST made  
inquiry of five hundred editors in every State of the  
Union on three points:

**How Large an Army Should We  
Have?****How Large a Navy?****Is There Any Reason to Fear the  
Peril of Militarism in Increasing  
Both Branches of Our Defense?**

In THE LITERARY DIGEST for March 11th the  
result of this nation-wide poll is given. It presents a  
graphic and correct gauge of public opinion on this  
tense subject. There are interesting and comprehen-  
sive reports, personal and editorial, from every

State in the Union, classified geographically from the  
Atlantic Seaboard, the Gulf Region, the Central  
States, the Far West, and Pacific Slope.

For the first time, the American people, by  
reading this article, will get a reliable and well-in-  
formed idea of just what the Nation wants in the  
way of preparedness.

**Must Manhood Service Go  
With Manhood Suffrage?**

Whether compulsory military training will be a  
necessary corollary of an adequate system of de-  
fense is answered in this article, and this phase of  
it is particularly interesting.

**If You Would Know ALL SIDES of the Vital  
News, You Must Read The Literary Digest**

The big *Preparedness* feature in the March 11th  
number of THE LITERARY DIGEST does not, by any  
means, constitute all the good things in this number.  
As usual, all important news in the fields of Science,  
Politics, Invention, Literature, Art, Religion, Educa-  
tion, Industry, Sport, Drama, etc., is thoroughly  
covered. More than 1,500,000 people read THE  
LITERARY DIGEST each week, and this number is  
increasing materially.

**"DRYS" TO CONTEST  
MUNCIE ELECTION**

On Grounds That Many Illegal  
Votes Were Cast, They Will  
go Before Commissioners

LOSE BY MAJORITY OF 69

Muncie, Ind., March 11.—Simul-  
taneously with the report of the  
option election yesterday that the  
"wets" had carried Muncie by a  
bare majority of sixty-nine votes,  
the local anti-saloon League filed  
notice of a contest to be taken be-  
fore the county commissioners. The  
total vote cast was 6491. First fights  
were frequent in what was the most  
bitter election ever held here. More  
than a dozen men were arrested.

Muncie voted "dry" by 462 in  
1914 and "wet" by 503 in 1911. In  
1909 the city went "dry" with the  
rest of Delaware county by a ma-  
jority of 3,000. The city will be  
allowed thirty saloons. If the li-  
censes are granted as soon as pos-  
sible by the county commissioners  
the saloons will reopen here during  
the week of April 2.

On the ground that many illegal  
votes were cast the drys will file a  
contest before the county commis-  
sioners, probably the first of next  
week. They call attention to the  
fact that the total vote today was

greater than that in 1914.

Twelve men were arrested and are  
under bond, charged with voting il-  
legally. One is in jail for beating  
a dry worker so severely that the  
wounded man is confined to his bed.  
A minister who formerly was pastor  
of a Muncie church was attacked  
by wets, but used his own fists and  
stood them off.

# PAIGE

The Standard of Value and Quality

## You Know the Worth of This Paige

Here is the Paige Fleetwood "Six-38". It is the five-passenger Paige—and its price is \$1050. The beauty, the luxury, the elegance of the upholstery you can see for yourself.

The POWER, the flexibility, the bouyancy and liveliness of this motor will amaze and thrill you when you ride in this luxurious five-passenger car.

So, first consider the car. Then consider the name, the prestige, the guarantee, the national supremacy of the Company back of the car.

You KNOW that there are no new, radical unproved engineering theories in Paige Cars. You KNOW that Paige refuses to market an experiment.

You KNOW that, being a Paige, this Fleetwood "Six-38" is just as sound, just as supreme in value and quality as the Fairfield "Six-46" (\$1295) which is admittedly without a superior in the Light Six field.

You KNOW that Paige is best and, therefore, the safest, soundest, sanest investment.

The cost of labor and materials is constantly increasing. But Paige flatly refuses to compromise Paige Quality.

Of one thing you can be certain. The price of the Fleetwood will never be less than \$1050 and the price of the Fairfield will never be less than \$1295. But we cannot undertake to guarantee against an advance. Therefore, for your own protection we urge you to buy your Paige NOW.

Five-passenger Fleetwood "Six-38" —\$1050.

Seven-passenger Fairfield "Six-46" —\$1295.

boy who, when given a nicker by a man, looked up in the latter's face and said, 'Give me a nutherin'! We forget to say thank you to God. Some in the church sit down to their daily bread and do not even return thanks. With the great privilege we have comes responsibility. Sometimes folks go to sleep in church, physically, which is bad enough, but oh, the shame that we go to sleep spiritually, when we fail to be awake to the claims of God and his work. Too many of us are living on at a poor dying rate. Nothing short of the power of the Holy Spirit can awaken us to the need of the world and the call of the church. Let us pray that we may be awake to our duty, then we shall see a revival and the work of the kingdom shall prosper.

Mr. Whitsitt's sermon was preceded by an inspiring song service in charge of Clarence Lane. The singing of two songs by about 40 boys and girls who constitute the Junior choir was a special feature. At the close of their second song they stood and gave a Bible yell.

Still more encouraging reports came from the cottage prayer meetings. These began Tuesday morning with an attendance of 54 and increased to 75 yesterday. No services of any kind are being held today. The Sunday school will be held at the usual hour tomorrow morning and will be followed by regular evangelistic services at 10:30 and 7. The Epworth League service at six promises to be unusually good with Ernest Marlatt leading on the subject "The Urgency of a Great Task," and a vocal duet by the Misses Esther Anderson and Helen Scott.

**TODAY'S ODDEST STORY.**  
Washington, D. C., March 11.—Tomorrow will be the twenty-second anniversary of Chief Justice White's appointment to the Supreme Court bench. As a side light upon the present wrangle over the nomination by President Wilson of Louis D. Brandeis to the Supreme bench, it is interesting to recall that White's appointment followed a bitter fight in which the Senate rejected two appointees of President Grover Cleveland. Chief Justice White, at the time of his appointment, was a member of the U. S. Senate from Louisiana.

## WHITE SOX ALL SET FOR TRIP

Comiskey's Team Will Leave in the Morning For Mineral Springs, Texas.

### NOT MANY CHANGES IN LINEUP

Team is Practically Same as Last Year—Didn't Grab Off Any of Fed Players.

(By United Press.) Chicago, March 11.—A DeLuxe special, fitted up with phonographs, poker tables, entertainers and numerous other comforts and nuisances of the home, will roll out of the yards tomorrow for Mineral Springs, Texas, with a little old last year's ball team abroad.

The passengers will be Charley Comiskey's White Sox, bound for Marlin to work off Charley horses, spavined arms, midwinter grouches and midwinter fat, preparatory to grabbing the American league pennant, if luck is with them.

As the team, almost entirely a 1915 aggregation, packed up today Comiskey, The Old Roman, sat back in his chair and spake thusly:

"We had a real team last season. We've still got it. Boys, we're going out to win the pennant. They're the hitting marvels, not the hitless wonders."

Comiskey felt so good about it that he fitted up the training special like a combination ladies' boudoir and a first class he-clubroom. Mrs. Comiskey and several of the players' wives are going along.

As the Sox lined up to count noses today nearly every face was a familiar one to Chicago fans. Comiskey and his manager, Clarence Rowland, have passed up the Fed outcasts entirely. The lineup, said Rowland, will be practically the same in 1915.

Release of Johns to the Columbus A. A. and Blackburne to the Toronto international club leaves a hole at third, for which McMullen or Moriarity will have to fight, unless Comiskey annexes a star third from another team.

Here's what Rowland has to base his hopes for a pennant upon: Infielders—Eddie Collins, 2b; Jacques Fournier, 1b; Buck Weaver ss, McMullen or Moriarity, 3b; Outfielders, Happy Felsch, Joe Jackson and Eddie Murrephy. Catchers—Schalk, Daly and Murphy. Pitchers, Russel, Scott, Cicotte, Benz, Faber, Wolfgang and Ed Walsh.

Enroute to Mineral Springs the Sox will stop at Kansas City, Mo., for a day, and will arrive at the camp March 14.

## MANY LIVE AT A POOR DYING RATE

Folks Frequently go to Sleep Physically And Spiritually in Church, Whitsitt Says.

### STORY OF CHRIST'S AGONY

Disciples Fell Asleep at Most Crucial Time in World's History, he Recalls

The text, Matt. 26:40, "And he cometh unto the disciples and findeth them asleep, and saith unto Peter, What, could ye not watch with me one hour?" formed the basis of a stirring message at St. Paul's Methodist Episcopal church last night. The pastor, the Rev. W. M. Whitsitt, related in his own words the story of Christ's agony on that memorable night in the garden of Gethsemane.

"I do not want to be too severe in my criticism of Peter, James and John for falling asleep on this occasion for they were probably pretty nearly exhausted physically. But this was the most crucial time in the history of the world. The world's salvation was at stake. To me, one of the saddest conditions of all time is the one brought to mind by the words of Christ, 'What, could ye not watch with me one hour?' Yet, isn't it sadder today when Christ's disciples are found asleep?"

"The disciples of old had a wonderful privilege in being with the Master and learning at his feet, yet it is a more glorious privilege to be His follower today. We ought to be thankful yet many who are the recipients of God's grace and abundant temporal blessings are treating Him in much the same way as the

## YOU CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 20 pounds of healthy "stay there" fat should try eating a little Tonoline with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Tonoline—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from 5 to 10 pounds in the first two weeks by following this simple direction, and best of all, the new flesh stays put.

Tonoline does not of itself make fat, but mixing with your food, it turns the fats, sugars and starch of what you have eaten into rich, ripe fat producing nourishment for the tissues and blood—repairs it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Tonoline stops the waste and does it quickly and make the fat producing contents of the very same meals you are eating now develop pounds and pounds more of healthy flesh. Tonoline is safe, pleasant, efficient and inexpensive. For sale by Hargrove & Mullin.

## Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant. If you aren't feeling your best, if you are coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation, sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

## Applaud Efforts of Opera Company

Rushville Music Lovers' Expectations Met by Sgovgaard and Company of Accomplished Artists.

Axel Skovgaard the Danish violinist, reached and surpassed the highest expectations of his audience last evening with his violin solos which he played during the concert given by the New York Metropolitan company. An audience of over 300 composed of Rushville's music lovers greeted the performers in the Graham Annex last evening. Skovgaard's first number on the program was Mendelssohn's Concerto, E Major which showed his versatility are rare technic. The "Humoresque" and Schubert's "Serenade," were both favorites and his rendition brought out to advantage the melodies threaded throughout the numbers. For his last group of numbers including "Sicilienne and Rigaudon," "The Bee," and "Witches Dance," the last of which is by Skovgaard himself, were greeted by a burst of applause to which he responded with a beautiful interpretation of "Swanee River."

The vocal ability of Miss Florence Hawkins, soprano, was augmented by her dramatic technic, which was shown to advantage in "Madame Butterfly," that she sang in costume. "Prince Charming" by Liza Lehmann, with which she responded to the encore for this number, was equally popular. The popularity was well deserved for the lyric soprano showed wide range, excellent control and an unusual sweetness of tone in all her numbers. "Annie Laurie" her last encore, was sung in a simple but effective manner.

Miss Molly Beverly Wilson, contralto too was popular in her well chosen selections which were "Destiny," "Yesterday and Today" and "Mother Machree." She had a full rich musical tone and a pleasing presence, both of which helped her merit the generous applause which she received. Miss Clara Freuler, mezzo-soprano, had a remarkable voice because of its volume. Her numbers were sung in costume being Swiss folk songs. They were "La Chasseur De Chamois" and "Abschied Von Den Alpen."

Francis Cowles, baritone, sang two numbers in costume, Seena and Cavatina from "Faust" and was heartily encored for his excellent tonal effects. He responded with Bruno Huhn's "Invictus." All the numbers were added to greatly by the work of the accompanist, Miss Alice McClung who was a real artist. Her technic and versatility was well displayed in the piano solo "Toccato, D Minor" for which she was forced to respond to an encore. Her accompaniments were all played with sympathy and feeling.

Duets and trios were also a part of the program which closed with "Barcolle, from the Tales of Hoffman," by the four singers.

Although the Tri Kappas, under whose auspices the concert was given, expected to give the proceeds to the visiting nurse fund, they barely met the expenses of the concert.

## DIFFERENCE IN PARTIES SHOWN

Republicans Made it a Practice to Put Two Million Into Treasury Each Month.

STATEMENT BY J. B. BOURNE

On Other Hand, He Says, Democrats Manage to Take That Sum Out Each Month.

Washington, March 11.—The Republican Publicity Association, through its president, Jonathan Bourne, Jr., today gave out the following statement at its Washington Headquarters:

"The difference between Republican and Democratic management of the nation's finances is this: The Republicans made it a practice to put into the Treasury each month two million dollars more than they took out, while the Democratic practice is to take out each month two million dollars more than they put in."

"These figures have been determined by a study of the official reports of the Secretary of the Treasury for the period beginning with August, 1897, when the Dingley law went into effect, down to the first day of the present year. During that time, Republican revenue laws (the Dingley bill and the Payne bill) were in operation for 194 months; and a Democratic revenue law (the Underwood bill) was in operation for 27 months."

"The total ordinary receipts of the Treasury during the period of Republican management of the nation's finances reached the colossal sum of \$9,677,592,080—an average of \$49,886,351 per month."

"During the same time the total ordinary disbursements of the Government, as authorized by Republican legislation, amounted to \$9,293,083,392—an average of \$47,902,492 per month."

"The average monthly surplus under Republican control, therefore was \$1,983,859."

"During the twenty-seven months while Democratic legislation has controlled the revenue and expenditure the total Treasury receipts have

been \$1,579,648,049—a monthly average of \$58,505,483.

"In the same time Democratic Congressmen have voted away \$1,621,908,077—a monthly average of \$60,070,670."

"Accordingly, the average monthly deficit under Democratic control has been \$1,565,187."

"Moreover, the Republican revenue laws which produced these results were so drawn that \$22,967,653 per month were custom-house receipts and were paid by foreigners, while the enormous sum of \$34,116,302 per month were wrong from our own people by vexatious and oppressive taxes upon incomes, vocations, enterprise and thrift. Those American citizens who have recently been wrestling with the clumsy and confusing income-tax blanks or who have been constantly licking stamps for telegraph and telephone messages and for other necessary business transactions will be interested to know that, under Democratic revenue legislation, our own people contribute \$1.79 to the National Treasury for every dollar that the foreigner pays, whereas, under Republican revenue laws, the foreigner paid \$1.02 as against each dollar contribution by American citizens."

"And yet there are those who think the tariff will not be an issue in the campaign of 1916!"

Mr. and Mrs. Gurnie Swain were visiting Mr. and Mrs. John W. Zike Thursday.

Mr. and Mrs. Dr. Warfield, of Homer, were guests of Mr. and Mrs. O. C. Macy, Thursday.

D. M. Pressnall and family were entertained for dinner at Samuel Moore's, Friday.

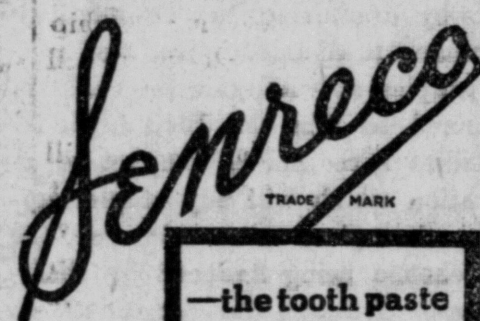

Several attended the Sunday School Institute held at the M. E. church at Arlington, Sunday afternoon. Great interest was manifested, for there was a good attendance and several good papers were read and lively discussions followed, making it a very interesting time for all.

The funeral of Arvine Laverne, the six-weeks-old infant of Mr. and Mrs. Howard Hauck, was conducted at the Arlington M. E. church, Sunday morning by Rev. D. Milligan. The sympathy of the friends was shown by the large attendance and the many beautiful flowers which were borne by four small boys.

The funeral of Marie, the eight-year-old daughter, of Mr. and Mrs. Orville Benefiel, was conducted at the Little Blue Baptist church, Monday afternoon, by the Rev. James Brown. She had been sick for several months and all that kind hands could do, to relieve her suffering and restore her to health, was done but tuberculosis of the brain developed and nothing could save her life. Besides her parents, she leaves a sister and her grandmother Benefiel and grandfather and grandmother Wilkes and many uncles and aunts and cousins to mourn her loss. A large audience attended the funeral.

The Quarterly meeting was held at the Manilla M. E. church, conducted by the Rev. C. E. Bacon, the district superintendent. He preached a good sermon from the text, "I am the Bread of Life." Several from here attended the services.

Mr. and Mrs. Lewis Zike were guests of John W. Zike's Tuesday.

## The Supremacy of Peruna as a Household Remedy 44 Years of Leadership

#### Returned to His Work.

Mr. Julien Gondeau, Erwinville, La., suffered with catarrh of the stomach. He did not know what his trouble was. He was unable to work. Could hardly eat anything. After taking Peruna a short time he is now in perfect health. He says: "I am now doing all my work. I am confident that any one suffering as I was could be cured by Peruna."

#### Every Change of Weather.

Mr. E. Arnold, Westley, R. I., contracted a severe cold. The cold settled in his side and produced a condition that was thought to be pleurisy. Every change of weather would bring a return of his trouble. After taking Peruna all his ailments have vanished.

#### Pain in the Stomach.

Mr. Henry Kneek, Box 850, No. 1118 S. Vista Ave., Janesville, Wis., writes: "I wrote you about four weeks ago that I had a pain in my stomach. I followed your advice, and used three bottles of your Peruna, and I am all right now. I am very thankful for your advice and your medicine."

#### A Housewife Restored.

Mrs. R. W. Copelan, Box 22, Greensboro, Ga., suffered several years with catarrh of the stomach. She was in such poor health she could not attend to her household duties at all. Peruna was recommended by neighbors. She was induced to begin the use of Peruna. She says: "After taking five bottles of Peruna I am happy to say that I am entirely cured. My indigestion is entirely gone."

#### Once a Chronic Invalid.

Mrs. E. Riker, 503 Grant Ave., East Cedar Falls, Iowa, was once a chronic invalid. Four different doctors had been consulted without avail. She had taken five different medicines that had been recommended, without improvement. Peruna was tried and the good result was prompt and lasting.

#### Expresses Her Gratitude.

Mrs. Samuel Ruth, 535 Union Ave., Lebanon, Pa., is able to say positively that she has been cured by Peruna. She can scarcely find words to express her gratitude for her recovery. For many years she had been a semi-invalid from chronic catarrh.

Three substantial men, heads of families, made efficient once more by Peruna. Three housewives restored to their families. These are only samples of what Peruna is doing every day, everywhere. Surely, this is a splendid work. Anything that conserves family life and makes the home more desirable and comfortable, nourishes the heart root of civilization. Peruna is a great civilizer.

### WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern 'Unabridged'—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will yet find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ. April 28, 1911.

## BROTHER OF TOWN MARSHAL ARRESTED

Otis Brooks of Glenwood is Held Under \$100 For Impersonating an Officer

### ECHO OF A RECENT DANCE

Otis Brooks, brother of Monroe Brooks, town marshal of Glenwood, was arrested yesterday on an affidavit filed in the Fayette circuit court in which he is charged with impersonating an officer. Brooks gave bond in the sum of \$100 and was released.

A dance given in Glenwood about two weeks ago attracted some who were rowdy and boisterous on the streets of peaceful Glenwood. Marshall Brooks attempted to stop the disturbance, but was unable to do so single handed. It is stated that he then deputized his brother to assist him and the trouble began immediately. It is reported that the charge against Otis Brooks was filed by one of the parties involved in the trouble, but complete details of the trouble were not given out.

## SHOWS ECONOMIC VALUE OF THE WEEK

Lives Saved From Tuberculosis in 1915 Amount to \$3,880,000, it is Estimated.

### DECREASE IN DEATH RATE

Indianapolis, Ind., March 11.—The Indiana Society for the Prevention of Tuberculosis issued a statement today showing that the economic value of lives saved from tuberculosis in Indiana in 1915 is \$3,880,000.

The tuberculosis death rate in the five years preceeding January 1, 1916, dropped from 17.43 to 14.18 per ten-thousand; resulting, for illustration, not only in the saving of 485 persons in the year 1915, but the saving of approximately 2,425 persons from illness through tuberculosis.

Lives saved from tuberculosis have each, according to Irving Fisher of Yale University, an economic value of \$8,000, making this saving alone in the State of Indiana amount in the year 1915 to \$3,880,000. The saving in time and in physician's bills by those prevented from having tuberculosis would amount to a very considerable amount.

## SOCIALISTS TO OPEN BIG STORE

Plan Direct Attack on High Cost of Living by Using Co-Operative Plan in Buying.

### FIGURE ON LARGE SUPPLY

(By United Press.)  
Cleveland, March 11.—Cleveland Socialists plan a direct assault on the high cost of living here tomorrow by organizing a co-operative company to distribute food and other staples at wholesale prices. It is planned to join the 1000 Socialist families here into a compact organization which will buy staple supplies through one warehouse, the warehouse being financed by themselves. Through this organization, the Socialists hope to control more than \$1,000,000 worth of home supplies. The plan, it is figured, will save the members about \$200,000 a year.

The Bohemian Socialists' organization, the pioneer in Cleveland in co-operative buying, organized four years ago with a membership of 165 families, will be used as the nucleus of the larger organization. To finance the new organization stock will be sold in \$5 and \$10 shares. It is not planned to open a store. Instead there will be a central warehouse. Routes for delivery will be mapped and wagons and autos will go out weekly to visit and restock homes of members of the organization. In England and Scotland similar organizations have been in operation for years and their annual business runs into millions of dollars.

### BULLETIN.

(By United Press.)  
Washington, March 11.—  
Chairman Hays, after a confer-  
ence with Secretary of War  
Baker, this afternoon said he  
believes our troops are well  
across the Mexican border, but  
the army chiefs will not confirm.

Washington, March 11.—General  
Carranza today replied to the United  
States government's announcement  
that American soldiers will enter  
Mexico to pursue Villa Bandits with  
a request that Carranza soldiers be  
allowed the privilege of crossing in-  
to American territory in pursuit of  
lawless bands.

The note was received at the  
state department today through  
Consul Silliman. Secretary Lansing  
said this afternoon he had reached  
no decision regarding Carranza's re-  
quest.

Carranza's note suggested his will-  
ingness that American troops should  
cross into Mexico in case the raid at  
Columbus should "unfortunately be  
repeated at any point on the border."  
It did not definitely approve or dis-  
approve the expedition ordered to  
hunt down Villa.

A stand squarely approving all the  
administration has done along the  
Mexican border was taken today in  
unanimous action by the senate for-  
eign relations committee.

"A question of 72 hours," was the  
view the Mexican embassy took this  
afternoon of the Villa situation.  
"Villa's campaign will be largely a  
matter of running," it was said.  
"The conference last night between  
Carranza, General Bertani and Col-  
onel Slocum has resulted in plans  
that will stop the bandits."

## VILLA'S PLANS THWARTED

**Mormon Band Doomed For Mas-

(U. S. Staff Correspondent.)  
El Paso, Texas, March 11.—  
Villa's plan to massacre 500 Amer-  
ican Mormon colonists of Chihua-  
hua at Guzman, Mexico has been  
thwarted by the Carranzistas, the  
Carranza consul here informed the  
United Press today.

The train on which the Mormons  
were fleeing toward the border was  
stopped by Carranzistas who were  
warned of Villa's plans.

## NATION WILL RISE AGAINST INVADERS

**Captured Villista Asserts Mexicans  
Will Unite to Repel The Amer-  
ican Soldiers**

**HE SAYS VILLA WILL RETIRE**

(By United Press.)  
Columbus, N. M., March 11.—  
That almost the entire Mexican na-  
tion will rise up against the invad-  
ing American forces was the opinion  
expressed here today by Captain  
Isadore Farias, one of the wounded  
prisoners taken in the Villista raid,  
which cost eighteen American lives.  
"The American invasion will make  
Villa the national Mexican hero,"  
said Farias. "Villa and his men prob-  
ably will retire before the Amer-  
ican soldiers for a time. But when  
the interior is reached, the Villa  
forces will be strengthened by Mex-  
icans who resent the Mexican inva-  
sion."

train is not known to the Carranza  
consul but he stated that all trains  
on the Mexican and Northwestern  
railroad were stopped pending the  
result of Villa's movements.

Brigadier General Pershing, who  
will lead the American pursuit of  
Villa, made a statement to the  
United Press this afternoon appeal-  
ing to the Carranzistas to aid the  
United States troops.

"It is no time to indulge in idle  
theories about sovereignty and in-  
vasion," said Pershing. "It is a most  
friendly act of assistance. This  
should be truly recognized by all  
true friends of the de facto govern-  
ment on both sides of the border."

"It should be deeply impressed  
upon everybody that the only pur-  
pose of the American entry into  
Mexico is the pursuit and capture of  
Villa and his band of outlaws."

Carranzista troops apparently  
were preparing to aid the Amer-  
ican soldiers in the bandit  
hunt today. Presumably on the or-  
der of the de facto government,  
General Calles at Augus Prieta re-  
distributed his force, sending 1,200  
to Palomas, six miles south of Col-  
umbus, and bringing 1,000 from  
Hermosillo to Augus Prieta.

One hundred Carranzista troops  
are reported to have entered Chil-  
huahua in an attempt to locate Vil-  
la. Calles was in touch with the  
American army officials at Douglas  
and earnestly has requested the  
privilege of dealing out summary jus-  
tice to Villa spies believed to be  
watching the American forces.

## NEWMAN WANTS A PARDON

Delbert Newman of this city is

will seek a parole or pardon at the  
quarterly session of the state par-  
don board at the state house in In-  
dianapolis March 20, 21, 22 and 23.  
Newman is now an inmate of the  
penal farm. He was sentenced from  
the Rush circuit court May 13, 1915  
to six months at the farm and fined  
\$500, on the charge of encouraging  
delinquency.

Mrs. Lillie Armstrong, who has

sent in his resignation February 3  
because the duties of the place are  
too confining. Mr. Stewart has been  
manager of the concern ever since  
it began business the first of the  
year 1912. The plant was erected  
during the summer of 1911. Mr.  
Stewart still retains his interest in  
the company.

## CHAIRMAN RIGGS RE-ELECTED TODAY

**Chosen to Head Republican Com-  
mittee Again And Democrats  
Elect Vohrees Cavitt**

**SAMUEL L. TRABUE RETIRES**

Fon Riggs was re-elected Repub-  
lican county chairman and Vohrees  
Cavitt was elected Democratic coun-  
ty chairman this afternoon at the  
meeting of precinct committeemen  
of the two parties. Neither of the  
two men was opposed and their  
election had been foreseen for some  
time.

Mr. Riggs has been county chair-  
man for two years and in that time  
has proved so satisfactory that the  
committeemen did not see fit to  
make a change. The Republican  
county chairmen will meet in Cam-  
bridge City next Tuesday to select  
a district chairman. So far the  
most likely candidate is Walter Bos-  
sett of Liberty. P. J. Lynch is the  
retiring district chairman. Charles  
Brooks was elected secretary and  
Albert Winship treasurer of the  
county committee.

Vohrees Cavitt, the new Demo-  
cratic chairman, is serving his sec-  
ond term as sheriff of Rush county.  
His name has been connected with  
the chairmanship for some time.  
Mr. Trabue could have had another  
term, it is said, but retired because  
of business relations. He has served  
as county chairman for the past  
four years. The Democrats have not  
set a time for electing a district  
chairman.

## REPORT ON FIRST TEN DAYS OF WORK

**Township Assessors and Their As-  
sistants Meet With County  
Assessor Schrader.**

**SOME POINTS CLEARED UP**

The township assessors and their  
assistants met with County Assessor  
Schrader today and gave a report on  
the first ten days of the work of  
assessing. County Assessor Schra-  
der was well pleased with the work  
thus far. Some of the things that  
were not exactly clear to the assess-  
ors were gone over again, and from  
now on the work will be speeded up  
until it is completed.

The county assessor will make a  
report to the state tax board of the  
first ten days of the work here. This  
report will be based on the returns  
as shown by the assessors today.  
All of the county assessors were  
asked to do this. If the reports are  
not satisfactory the state board will  
advise in time to avert other mistakes.

wife of Harvey Prather, died sud-  
denly from heart disease last night  
at 9:30 o'clock at her home in East  
Tenth street. Mrs. Prather died  
within half an hour after she was  
stricken. She had been subject to  
attacks of the heart for some time,  
but the sudden ending came as a  
shock to her friends and relatives.  
Besides her husband she is survived  
by a daughter, Mrs. Charles Wiley,  
and two sons. The funeral services  
have not been completed.

the costs paid. The case of Bert  
L. Trabue and Joseph Clawson  
against James V. Young, executor  
of the estate of the late Allen  
Hinchman, in which \$42.96 was de-  
manded on a claim was dismissed  
and the costs paid.

By an agreement the court found  
for Jasper D. Case against William  
Emsweller on an account in the sum  
of \$52.10. The original demand was  
\$75. Under the agreement the plain-  
tiff pays the costs.

ment against Clyde Thomas for

## CARRIES FIGHT TO CONVENTION

**James E. Watson Wires County  
Managers That he Will Seek  
Nomination by Delegates**

**LEADS OUT OF INDIANAPOLIS**

**First Count Made is Inaccurate Be-  
cause it is Based Mostly on  
Conjecture Only**

As was presaged in dispatches to  
the Daily Republican Thursday,  
James E. Watson will carry the fight  
for the Republican senatorial nom-  
ination to the state convention floor.  
Mr. Watson late Friday afternoon  
wired his county managers all over  
the state that he was in the fight to  
finish and ask them to go into the  
short campaign that will precede the  
state convention.

Mr. Watson's headquarters in  
Indianapolis were flooded with  
messages from all parts of the state  
yesterday, urging him to go into the  
convention and promising him sup-  
port from the four corners of In-  
diana. Many of Watson's ardent sup-  
porters even went all the way to In-  
dianapolis to let Watson know that  
they were for him through thick and  
thin for the senatorial nomination.

Anticipating the activity at Wat-  
son's headquarters yesterday and  
rumors that Mr. Watson would al-  
low his name to be presented to the  
state convention, The Indianapolis  
Star last night wired most of its  
county correspondents in the state  
and this morning presented the re-  
sult of their poll of the delegations.

The Star's count, which can not  
be called accurate by any means,  
shows New to have 686 delegates;  
Watson, 521; not accounted for 61.  
The poll was taken by correspond-  
ents on a moment's notice. In a  
majority of the counties the count  
of noses among the delegations are  
the merest conjecture.

Watson's headquarters claim to  
have a majority of the delegates  
outside of Marion county, which  
was carried by almost unbelievable  
pluralities in every precinct by New.  
Although there is a disposition on  
the part of a number of county de-  
legations to vote for the candidate  
receiving a plurality of the votes in  
the state, other delegates to the  
state convention are disposed to  
stand for the candidate who re-  
ceived a plurality in the precinct  
from which they were nominated.  
At the last count Watson carried  
many more counties than New, but  
he suffered the misfortune of car-  
rying many of the smaller ones while  
New had a plurality in such counties  
as Marion, Allen, Vigo and Vander-  
burg.

Even though it is admitted that  
New has a majority of the dele-  
gates, the Watson managers hope to  
change the views of many of them.  
Watson's friends all over the state  
feel that he has been subjected to  
some unfair tactics in the primary  
campaign just closed and that he is  
entitled to make a convention fight.

Early indications are that deals  
made between the senatorial candi-  
dates' friends and supporters of  
state candidates will be a large fac-  
tor in the stand of many delega-  
tions. It was announced in many of  
the Star's dispatches that the de-  
legations from counties with state  
candidates would be governed by the  
wishes of their candidates.

There is evidently something  
wrong with the Star's line-up of the  
state delegation. The Star's credits  
New with 686 delegates and Watson  
with 521, and 61 not accounted for  
on either side. That makes a total  
of 1268 delegates when there are  
only 1168 votes in the convention,  
with 595 necessary for choice.

## UNARMED VESSEL NEUTRAL, SUNK

**Norwegian Ship Silius Torpedoed in  
Havre Road But Seven Amer-  
icans Aboard Are Saved**

**BRINGS ON SUDDEN CRISES**

**Most Serious Since War Began Be-  
cause She Was Not Belliger-  
ent And Was Not Armed**

(By United Press.)  
Washington, March 11.—The  
German-American situation was  
brought to a sudden crisis today by  
official dispatches stating that the  
Norwegian vessel Silius, with seven  
Americans on board, was torped-  
oed without warning Thursday night  
supposedly by a German submarine.  
All the Americans were saved stated  
a dispatch from the American con-  
sul at Havre. Press dispatches  
stated that three of the crew were  
drowned.

The Silius was bound from New  
York to Havre and was sunk in the  
Havre road.

Immediately upon receipt of the  
official dispatch, it was stated unof-  
ficially that the nation which at-  
tacked the Silius will be held to ac-  
count for this government. Secre-  
tary Lansing will not act officially  
until he has complete details.

This is the first instance since  
the new German-Austrian armed  
merchantmen decree went into ef-  
fect that the lives of Americans  
have been imperilled.

That the Silius was unarmed was  
generally taken for granted, since  
she was a neutral ship of com-  
merce. This act itself, officials  
said, may make the case more ser-  
ious than any that has confronted  
this government since the war be-  
gan. No government has even hint-  
ed that non-combatants either neu-  
tral or belligerent have not the right  
to travel on the high seas aboard.

## DISMISSED AND REFILED

**Perkins Divorce No Sooner Off  
Than on Again**

Shortly after the divorce suit of  
Elzie Perkins against Cynthia Per-  
kins was dismissed today, the case  
was refiled by Mr. Perkins. He al-  
leges cruel and inhuman treatment  
and claims that his wife would re-  
main away from home for long in-  
tervals without explaining her ab-  
sence to him. He alleges that she  
preferred the company of other  
men to his. They were married Oc-  
tober 26, 1915 according to the  
complaint. No reason was given  
for dismissing the case and then re-  
filing it.

## The Retailer Should Know

That when a manufacturer  
advertises his product in this  
newspaper, immediate inquiries  
will follow.  
If he does not have the goods  
he will lose trade.  
If he does have them in stock  
he should bring them out where  
people can see them.  
He should put them in his  
windows and on his shelves, so  
that he can take advantage of  
the demand.  
He should help himself and  
at the same time help the manu-  
facturer who is trying to sell  
goods for him.

**Let Uncle Help.**

Why do people hate to pay taxes?  
Usually because they do not feel  
that they get returns for their money.  
Usually, unfortunately, they  
are right about it. They don't.

There are many reasons why. The  
chief one is that they do not follow  
up their tax investments with per-  
sonal interest as they would other  
investments. If there is graft and  
mismanagement in the administra-  
tion of the town, county, state or  
country, that means that the tax-  
payers are careless enough to per-  
mit it.

And as a companion to this lack  
of interest in the spending of their  
money is the lack of interest in mak-  
ing use of the results of the spend-  
ing.

The taxpayers supports many ac-  
tive bureaus of research. These  
bureaus are constantly finding out  
useful things for the taxpayer to  
know, and putting them into the  
form of handy bulletins for his use.  
Uncle Sam keeps great numbers of  
people working, to get out these lit-  
tle books which will help his people.  
One can readily picture him going  
about from workshop to laboratory,  
from darkened slum to sunny field,  
encouraging his workers, watching  
their progress, much as Santa Claus  
keeps the gnomes busy about his  
toys. But with a difference. Santa's  
work is to give pleasure to children,  
and his peak load comes but once a  
year. Uncle's job is to supply help  
for grownups, and his activities  
range through all seasons.

Some of Uncle Sam's splendid lit-  
tle books are free. Some of them  
cost five cents apiece, or a little  
more. Less than the cost of the  
paper and printing is the usual  
price.

Uncle will, if asked, tell you how  
to select books for your children's

reading, how to buy kitchen equip-  
ment, how to choose cuts of meat,  
as well as how to fertilize your  
fields, and how to grow flowers in  
your dooryard garden.

He will tell you about the fishes  
which swim the sea, he will send you  
wonderful detailed maps of regions  
near or far. (The whole country  
has not been done by the geodetic  
survey, but a good part of it is  
mapped, and the work is going on.)

The taxpayer foots the research  
bills. Uncle Sam is willing and ea-  
ger to give full value for his ex-  
pense money. If you are planning  
any new activity whatever this  
spring, or if you want to find a way  
to improve your old ones, write to  
Uncle Sam. The chances are that  
he will be able to help you.

A Washington dispatch to the  
New York "Evening Post" exults  
that the report on Mexico which has  
been sent to the Senate "is by no  
means as full of dynamite for this  
administration as the Republicans  
had hoped." The dynamite, let us  
say, exists. It may be kept in cold  
storage in the files of the State De-  
partment for a time. But it was  
bound to explode one of these days.

A great deal of excitement has  
been stirred up in New York and  
New England over a new intercol-  
legiate publication called "Chal-  
lenge," on the ground that it's dan-  
gerously radical. And the young  
men and women running it are tick-  
led to death. For once, the public  
has taken college students serious-  
ly.

Is the American eagle getting too  
proud to scream?—New York Sun.  
Whether it has been made to look  
more like a dove or a parrot would  
be an interesting subject of de-  
bate—Philadelphia Public Ledger.  
The universal opinion seems to be  
that it has joined the ranks of the  
Dodo.

Chancellor Day of Syracuse Uni-  
versity suggests if our coast cities  
were successfully attacked it would  
be practicable for the whole popu-  
lation of the United States to take  
to the woods. "Where are those  
woods," Democrats are asking.

Mr. Bryan, while denouncing Wil-  
son for having gone "joy riding with  
the jingoes," insists that he has no  
personal differences with his former  
chief. We believe that sacred his-  
tory tells of one who approached his  
victim asking, "Art thou in health,  
my brother?"

President Wilson's decision to run  
again created just about as much  
interest and enthusiasm as Vice-  
President Marshall's similar an-  
nouncement.

A sure-method of breaking into  
the head-lines these days is for  
some multi-millionaire to give a din-  
ner and invite a politician or two.

**HUNDRED LEAD-  
ING HOOSIERS****SAMUEL HANNA (15) 1797-1866.**

Samuel Hanna, one of the most  
public spirited citizens in Northern  
Indiana, settled in Fort Wayne, in  
1819. He built a log cabin, estab-  
lished a trading post, and for the  
next half century was more thor-  
oughly identified with the interests of  
that city and did more to promote  
its growth than any other citizen.  
His name is associated with a half  
dozen or more gigantic undertak-  
ings, every one of which succeeded.  
For years, he was agent for the  
American Fur company. As advo-  
cate of the internal improvement  
idea, he formed the first practical  
conception of the Wabash and Erie  
canal. He himself went to New  
York, purchased the instruments  
with which the survey was made and  
carried them on horseback from  
Detroit to Fort Wayne. For three  
terms Mr. Hanna was a member of  
the House, and served once in the  
Senate. He practically drafted the  
bill organizing the State Bank of  
Indiana, and was president of the  
branch established at Fort Wayne.  
He actively promoted the building  
of railroads, and became president  
of the Pennsylvania and Ohio road,  
and was later elected president of  
the Fort Wayne and Chicago line.  
Hanna was a man of Christian  
character, and at the time of his  
death was an elder in the Presby-  
terian church.

**Where the  
United  
States

**"PREPAREDNESS"**

A babel of opinions is heard throughout the land,  
to the bewilderment of citizens and legislators, on  
what is considered by many as "the most important  
question before the American people since the Civil  
War." You read of ardent advocates of national  
defense wanting

**An Army and Navy Big Enough  
"to Lick the World and  
Keep It Licked"**

Their stand is revolting to those of pacifist lean-  
ing who claim that after the European War we will  
be safe because that great conflict will keep hitherto  
powerful nations "bled-white" and unable to fight  
again for fifty or a hundred years.

In order to explore and map out this jungle of  
conflicting opinions, THE LITERARY DIGEST made  
inquiry of five hundred editors in every State of the  
Union on three points:

**How Large an Army Should We  
Have?****How Large a Navy?****Is There Any Reason to Fear the  
Peril of Militarism in Increasing  
Both Branches of Our Defense?**

In THE LITERARY DIGEST for March 11th the  
result of this nation-wide poll is given. It presents a  
graphic and correct gage of public opinion on this  
tense subject. There are interesting and comprehen-  
sive reports, personal and editorial, from every

State in the Union, classified geographically from the  
Atlantic Seaboard, the Gulf Region, the Central  
States, the Far West, and Pacific Slope.

For the first time, the American people, by  
reading this article, will get a reliable and well-in-  
formed idea of just what the Nation wants in the  
way of preparedness.

**Must Manhood Service Go  
With Manhood Suffrage?**

Whether compulsory military training will be a  
necessary corollary of an adequate system of de-  
fense is answered in this article, and this phase of  
it is particularly interesting.

**If You Would Know ALL SIDES of the Vital  
News, You Must Read The Literary Digest**

The big *Preparedness* feature in the March 11th  
number of THE LITERARY DIGEST does not, by any  
means, constitute all the good things in this number.  
As usual, all important news in the fields of Science,  
Politics, Invention, Literature, Art, Religion, Educa-  
tion, Industry, Sport, Drama, etc., is thoroughly  
covered. More than 1,500,000 people read THE  
LITERARY DIGEST each week, and this number is  
increasing materially.

**"DRYS" TO CONTEST  
MUNCIE ELECTION**

On Grounds That Many Illegal  
Votes Were Cast, They Will  
go Before Commissioners

LOSE BY MAJORITY OF 69

Muncie, Ind., March 11.—Simul-  
taneously with the report of the  
option election yesterday that the  
"wets" had carried Muncie by a  
bare majority of sixty-nine votes,  
the local anti-saloon League filed  
notice of a contest to be taken be-  
fore the county commissioners. The  
total vote cast was 6491. First fights  
were frequent in what was the most  
bitter election ever held here. More  
than a dozen men were arrested.

Muncie voted "dry" by 462 in  
1914 and "wet" by 503 in 1911. In  
1909 the city went "dry" with the  
rest of Delaware county by a ma-  
jority of 3,000. The city will be  
allowed thirty saloons. If the li-  
censes are granted as soon as pos-  
sible by the county commissioners  
the saloons will reopen here during  
the week of April 2.

On the ground that many illegal  
votes were cast the drys will file a  
contest before the county commis-  
sioners, probably the first of next  
week. They call attention to the  
fact that the total vote today was

greater than that in 1914.

Twelve men were arrested and are  
under bond, charged with voting il-  
legally. One is in jail for beating  
a dry worker so severely that the  
wounded man is confined to his bed.  
A minister who formerly was pastor  
of a Muncie church was attacked  
by wets, but used his own fists and  
stood them off.

### TEACHERS INSTITUTE

The teachers of Arlington and the vicinity entertained the teachers of the three surrounding townships at the High School in Arlington today. Among those from this city who attended were the Misses Jessie and Azalia Gillespie, Anna Holton, Lois Russell, Taylor and Minnie Miller.

### YOU CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 20 pounds of healthy "stay there" fat should try eating a little Tonoline with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Tonoline—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from 5 to 10 pounds in the first two weeks by following this simple direction, and best of all, the new flesh stays put.

Tonoline does not of itself make fat, but mixing with your food, it turns the fats, sugars and starch of what you have eaten into rich, ripe fat producing nourishment for the tissues and blood—repairs it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Tonoline stops the waste and does it quickly and make the fat producing contents of the very same meals you are eating now develop pounds and pounds more of healthy flesh. Tonoline is safe, pleasant, efficient and inexpensive. For sale by Hargrove & Mullin.

### COUNTRY CLUB

Mr. and Mrs. Chester Hall entertained the Country Club at their spacious country home near the city on Thursday evening. In this jolly crowd a good time is inevitable and especially when aided by the hospitality of this host and hostess. With violin and piano music throughout the evening the guests enjoyed an informal series of dances. Games, too, helped to make the evening a lively one for the guests. A delicious lunch was served near the close of the merry evening which was participated in by Mr. and Mrs. Noah Tryon, Mr. and Mrs. Frank Whiting, Mr. and Mrs. Ferron Whiting and two children, Mr. and Mrs. Earl Harcourt, Mr. and Mrs. Cecil Major, Mr. and Mrs. Calvin Hungerford, and two children, Wilbur Brown, and daughter Carrie, Mr. and Mrs. Wilbur Warner and son, Howard, Harvey Brown, Miss Goldie Roam, Oliver Harcourt, and Lawrence Krammes.

### C. W. B. M.

The C. W. B. M. of the Big Flatrock church met Thursday afternoon with Mrs. John Campbell. The interesting program was composed of the following numbers:

Hymn.  
Bible Reading—Mrs. John Campbell.  
Secretary's report—Miss Frances Thompson.  
Treasurer's report—Miss Nettie Campbell.

Bible study—Mrs. Elmer Hungerford.

A talk—Miss Bertha Halterman.

Missionary sketch—Mrs. L. A. Wagoner.

"How to Make the C. W. B. M. Grow"—Mrs. Robert Campbell.

Hidden answers.

Hymn and benediction.

After the program, a very delightful luncheon was served by the hostess. The next meeting of the society will be with Mrs. Robert Campbell, April 13.

### THORNBERRY CLUB

Mr. and Mrs. Luther Hungerford entertained the members of the Thornberry Club at their pretty country home near the city. Rook and other informal games made the evening a lively one, the pleasure of which was also added to by the faultless luncheon served by the host and hostess. Included in the membership of this genial club are Mr. and Mrs. John Kempe, Mr. and Mrs. Alva Hungerford, Mrs. Clyde Barlow, Mr. and Mrs. Edwan Pate, the Misses Vivian Kempe, Edith Hungerford, Winnie Barlow, Fannie Redden, Frances Thompson, Louisa Mahin, Nellie Myers, Ida Redden, Mary Hungerford, Rena Mahin, Helen Hungerford, Nellie Barlow, Lena Hungerford, Elvira Mull and Luella Mauzy and Paul Hungerford, Cecil Barlow, Burlin Pate, Watson Miller, Lot Redden, Frank Barlow, Fred Mahan, Clarence Weidner, Earl Hungerford, Bert Redden, Wesley Hungerford, Dale Barlow, Reed Mull, Henry Mauzy, and Harry Mull.

### DOMESTIC SCIENCE CLUB

Judging from the program which has been planned for the next meeting of the Domestic Science Club, it will no doubt be an unusually interesting and practical one. The meeting will be held at the home of Mrs. Roy Mayse at 218 West Fourth street on Saturday, a week from today, in the afternoon. The club by its membership and enthusiasm has already made a promising start and with interesting programs, it will inevitably continue to flourish. The following numbers will be given at the next meeting.

"Principles of New Cooking"—Miss Kate Dennis.

"Composition of Nutritive Values of Meat."

"Selection of Meat"—Mrs. Frank Forry.

"Methods of Cooking"—Mrs. Charles Newhouse.

Discussion.

Each member of the club has been asked to give one suggestion for a household convenience. Household current topics will also be taken up in the discussion. Any one having any questions pertaining to the home is asked to hand them in, in written form at the next meeting and they will be answered later.

## Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not aid the blood in these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for a while, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

### HIGH-SCHOOL PLAY

A full house greeted the play, "The Union Station," which was given by the Orange High School last evening in the school auditorium. It is a musical play, the leading roles being taken by Miss Florence Paxton, Miss Mary Houchins and Edgar Starr. The cast will give the play at Falmouth this evening.

## Applaud Efforts of Opera Company

Rushville Music Lovers' Expectations Met by Sgovgaard and Company of Accomplished Artists.

Axel Skovgaard the Danish violinist, reached and surpassed the highest expectations of his audience last evening with his violin solos which he played during the concert given by the New York Metropolitan company. An audience of over 300 composed of Rushville's music lovers greeted the performers in the Graham Annex last evening. Skovgaard's first number on the program was Mendelssohn's Concerto, E Major which showed his versatility are rare technique. The "Humoresque" and Schubert's "Serenade," were both favorites and his rendition brought out to advantage the melodies threaded throughout the numbers. For his last group of numbers including "Sicilienne and Rigandon," "The Bee," and "Witches Dance," the last of which is by Skovgaard himself, were greeted by a burst of applause to which he responded with a beautiful interpretation of "Swanee River."

The vocal ability of Miss Florence Hawkins, soprano, was augmented by her dramatic technique, which was shown to advantage in "Madame Butterfly," that she sang in costume. "Prince Charming" by Liza Lehmann, with which she responded to the encore for this number, was equally popular. The popularity was well deserved for the lyric soprano showed wide range, excellent control and an unusual sweetness of tone in all her numbers. "Annie Laurie" her last encore, was sung in a simple but effective manner.

Miss Molly Beverly Wilson, contralto too was popular in her well chosen selections which were "Destiny," "Yesterday and Today" and "Mother Machree." She had a full rich musical tone and a pleasing presence, both of which helped her merit the generous applause which she received. Miss Clara Freuler, mezzo-soprano, had a remarkable voice because of its volume. Her numbers were sung in costume being Swiss folk songs. They were "La Chasseur De Chamois" and "Abschied Von Den Alpen."

Francis Cowles, baritone, sang two numbers in costume, Scena and Oavatina from "Faust" and was heartily encored for his excellent tonal effects. He responded with Bruno Huhn's "Invictus." All the numbers were added to greatly by the work of the accompanist, Miss Alice McClung who was a real artist. Her technique and versatility was well displayed in the piano solo "Toccata, D Minor" for which she was forced to respond to an encore. Her accompaniments were all played with sympathy and feeling.

Duets and trios were also a part of the program which closed with "Barcolle, from the Tales of Hoffman," by the four singers.

Although the Tri Kappas, under whose auspices the concert was given, expected to give the proceeds to the visiting nurse fund, they barely met the expenses of the concert.

## DIFFERENCE IN PARTIES SHOWN

Republicans Made it a Practice to Put Two Million Into Treasury Each Month.

STATEMENT BY J. B. BOURNE

On Other Hand, He Says, Democrats Manage to Take That Sum Out Each Month.

Washington, March 11.—The Republican Publicity Association, through its president, Jonathan Bourne, Jr., today gave out the following statement at its Washington Headquarters:

"The difference between Republican and Democratic management of the nation's finances is this: The Republicans made it a practice to put into the Treasury each month two million dollars more than they took out, while the Democratic practice is to take out each month two million dollars more than they put in."

"These figures have been determined by a study of the official reports of the Secretary of the Treasury for the period beginning with August, 1897, when the Dingley law went into effect, down to the first day of the present year. During that time, Republican revenue laws (the Dingley bill and the Payne bill) were in operation for 194 months; and a Democratic revenue law (the Underwood bill) was in operation for 27 months."

"The total ordinary receipts of the Treasury during the period of Republican management of the nation's finances reached the colossal sum of \$9,677,592,080—an average of \$49,886,351 per month."

"During the same time the total ordinary disbursements of the Government, as authorized by Republican legislation, amounted to \$9,293,083,392—an average of \$47,902,492 per month."

"The average monthly surplus under Republican control, therefore was \$1,983,859."

"During the twenty-seven months while Democratic legislation has controlled the revenue and expenditure the total Treasury receipts have

been \$1,579,648,049—a monthly average of \$58,505,483.

"In the same time, Democratic Congressmen have voted away \$1,621,908,077—a monthly average of \$60,070,670."

"Accordingly, the average monthly deficit under Democratic control has been \$1,565,187."

"Moreover, the Republican revenue laws which produced these results were so drawn that \$22,967,653 per month were custom-house receipts and were paid by foreigners, while \$22,534,842 per month came from internal revenue receipts and were paid by our own people."

"Under the Democratic system, only \$19,023,760 per month were taken from the foreigner at the custom-houses, while the enormous sum of \$34,116,302 per month were wrung from our own people by vexatious and oppressive taxes upon incomes, vocations, enterprise and thrift. Those American citizens who have recently been wrestling with the clumsy and confusing income-tax blanks or who have been constantly licking stamps for telegraph and telephone messages and for other necessary business transactions will be interested to know that, under Democratic revenue legislation, our own people contribute \$1.79 to the National Treasury for every dollar that the foreigner pays, whereas, under Republican revenue laws, the foreigner paid \$1.02 as against each dollar contribution by American citizens."

"And yet there are those who think the tariff will not be an issue in the campaign of 1916!"

Mr. and Mrs. Gurnie Swain were visiting Mr. and Mrs. John W. Zike Thursday.

Mr. and Mrs. Dr. Warfield, of Homer, were guests of Mr. and Mrs. O. C. Macy, Thursday.

D. M. Presshall and family were entertained for dinner at Samuel Mopre's, Friday.

Several attended the Sunday School Institute held at the M. E. church at Arlington, Sunday afternoon. Great interest was manifested for there was a good attendance and several good papers were read and lively discussions followed, making it a very interesting time for all.

The funeral of Arvine Laverne, the six-weeks-old infant of Mr. and Mrs. Howard Hauck, was conducted at the Arlington M. E. church, Sunday morning by Rev. D. Milligan. The sympathy of the friends was shown by the large attendance and the many beautiful flowers which were borne by four small boys.

The funeral of Marie, the eight-year-old daughter, of Mr. and Mrs. Orville Benefiel, was conducted at the Little Blue Baptist church, Monday afternoon, by the Rev. James Brown. She had been sick for several months and all that kind hands could do, to relieve her suffering and restore her to health, was done but tuberculosis of the brain developed and nothing could save her life. Besides her parents, she leaves a sister and her grandmother Benefiel and grandfather and grandmother Wilkes, and many uncles and aunts and cousins to mourn her loss. A large audience attended the funeral.

The Quarterly meeting was held at the Manilla M. E. church, conducted by the Rev. C. E. Bacon, the district superintendent. He preached a good sermon from the text, "I and the Bread of Life." Several from here attended the services.

Mr. and Mrs. Lewis Zike were guests of John W. Zike's Tuesday.

**The Supremacy of Peruna as a Household Remedy**  
44 Years of Leadership

**Returned to His Work.**  
Mr. Julien Goudeau, Erieville, Pa., suffered with catarrh of the stomach. He did not know what his trouble was. He was unable to work. Could hardly eat anything. After taking Peruna a short time he is now in perfect health. He says: "I am now doing all my work. I am confident that any one suffering as I was could be cured by Peruna."

**Every Change of Weather.**  
Mr. E. Arnold, Westbury, R. I., contracted a severe cold. The cold settled in his side and produced a condition that was thought to be pleurisy. Every change of weather would bring a return of his trouble. After taking Peruna all his ailments have vanished.

**Pain in the Stomach.**  
Mr. Henry Kneek, Box 850, No. 1118 S. Vista Ave., Janesville, Wis., writes: "I wrote you about four weeks ago that I had a pain in my stomach. I followed your advice, and used three bottles of your Peruna, and I am all right now. I am very thankful for your advice and your medicine."

**A Housewife Restored.**  
Mrs. E. W. Copelan, Box 25, Greenboro, Ga., suffered several years with catarrh of the stomach. She was in such poor health she could not attend to her household duties at all. Peruna was recommended by neighbors. She was induced to begin the use of Peruna. She says: "After taking five bottles of Peruna I am happy to say that I am entirely cured. My indigestion is entirely gone."

**Once a Chronic Invalid.**  
Mrs. E. Riker, 533 Grand Ave., Cedar Falls, Iowa, was once a chronic invalid. Four different doctors had been consulted without avail. She had taken five different medicines that had been recommended, without improvement. Peruna was tried and the good result was prompt and lasting.

**Expresses Her Gratitude.**  
Mrs. Samuel Ruth, 535 Union Ave., Lebanon, Pa., is able to say positively that she has been cured by Peruna. She can scarcely find words to express her gratitude for her recovery. For many years she had been a semi-invalid from chronic catarrh.

Three substantial men, heads of families, made efficient once more by Peruna. Three housewives restored to their families. These are only samples of what Peruna is doing every day, everywhere. Surely, this is a splendid work. Anything that conserves family life and makes the home more desirable and comfortable, nourishes the heart root of civilization. Peruna is a great civilizer.

### WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern Unabridged—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will yet find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ. April 22, 1911.

## BROTHER OF TOWN MARSHAL ARRESTED

Otis Brooks of Glenwood is Held Under \$100 For Impersonating an Officer

### ECHO OF A RECENT DANCE

Otis Brooks, brother of Monroe Brooks, town marshal of Glenwood, was arrested yesterday on an affidavit filed in the Fayette circuit court in which he is charged with impersonating an officer. Brooks gave bond in the sum of \$100 and was released.

A dance given in Glenwood about two weeks ago attracted some who were rowdy and boisterous on the streets of peaceful Glenwood. Marshall Brooks attempted to stop the disturbance, but was unable to do so single handed. It is stated that he then deputized his brother to assist him and the trouble began immediately. It is reported that the charge against Otis Brooks was filed by one of the parties involved in the trouble, but complete details of the trouble were not given out.

## SHOWS ECONOMIC VALUE OF THE WEEK

Lives Saved From Tuberculosis in 1915 Amount to \$3,880,000, It is Estimated.

### DECREASE IN DEATH RATE

Indianapolis, Ind., March 11.—The Indiana Society for the Prevention of Tuberculosis, issued a statement today showing that the economic value of lives saved from tuberculosis in Indiana in 1915 is \$3,880,000.

The tuberculosis death rate in the five years preceeding January 1, 1916, dropped from 17.43 to 14.18 per ten thousand; resulting, for illustration, not only in the saving of 485 persons in the year 1915, but the saving of approximately 2,425 persons from illness through tuberculosis.

Lives saved from tuberculosis have each, according to Irving Fisher of Yale University, an economic value of \$8,000, making this saving alone in the State of Indiana amount in the year 1915 to \$3,880,000. The saving in time and in physician's bills by those prevented from having tuberculosis would amount to a very considerable amount.

## SOCIALISTS TO OPEN BIG STORE

Plan Direct Attack on High Cost of Living by Using Co-Operative Plan in Buying.

### FIGURE ON LARGE SUPPLY

(By United Press.)  
Cleveland, March 11.—Cleveland Socialists plan a direct assault on the high cost of living here tomorrow by organizing a co-operative company to distribute food and other staples at wholesale prices. It is planned to join the 1000 Socialist families here into a compact organization which will buy staple supplies through one warehouse, the warehouse being financed by themselves. Through this organization, the Socialists hope to control more than \$1,000,000 worth of home supplies. The plan, it is figured, will save the members about \$200,000 a year.

The Bohemian Socialists' organization, the pioneer in Cleveland in co-operative buying, organized four years ago with a membership of 165 families, will be used as the nucleus of the larger organization. To finance the new organization stock will be sold in \$5 and \$10 shares.

It is not planned to open a store. Instead there will be a central warehouse. Routes for delivery will be mapped and wagons and autos will go out weekly to visit and restock homes of members of the organization. In England and Scotland similar organizations have been in operation for years and their annual business runs into millions of dollars.
